

FRESHMAN PASS

This freshman pass
belongs to: _____

Start and end date: _____

There are a total of 30 different tasks in the pass, which you have time to complete throughout the freshman year. You can do the tasks in any order.

When you complete at least 25 tasks, you get a prize from ROTKO, however, you can only get the main prize when you have completed all 30 tasks.

A photo must be taken as proof of each assignment, where the pass owner can clearly be seen.

The use of imagination regarding tasks is definitely allowed!

If you wish, you can visit ROTKO's website (lapinrotko.fi) to download the freshman pass PDF file and print it as a physical pass.

Return of physical passport:

Proof of the completion of tasks must be shown to a ROTKO board member or employee at the ROTKO office during its opening hours.

(We recommend making a separate folder in the phone's gallery, so you can show the proof more easily.)

Online pass return:

On ROTKO's website (lapinrotko.fi) there is a webropol link to return the freshman pass
!RETURN ONLY ONCE PER PERSON!

Have a great freshman year and good luck with your tasks!

Best regards,
ROTKO
